Aasha Student Living

The Home of Success.

Aasha is more than a hostel

It's a home away from home. But it's no ordinary home. It's a place where we help students succeed. We do that by creating a competitive learning environment and focus on overall development. We make sure that our students grow and prosper as individuals when they stay with us.

We have separate dorms for boys and girls. We have the latest appliances, comfortable furnishings, nutritious food and ample recreational opportunities. Our hostels are also affordable and provide the best standard of living. The only thing our students focus on is their careers.

A safe and secure environment.

Aasha Student Living were created to help students from all corners of the country. We value diversity and work towards making our hostels welcoming and safe for everyone. We have caretakers who are available throughout the day to help students out.

Aasha Student Living

The security of our students is always our top priority.

Feels just
like home.

Our bedrooms are meant to feel as comfortable as home. The bedrooms are spacious, well ventilated, air-conditioned, and equipped with modern furnishings. Each bedroom has comfortable beds, study tables, and large wardrobes.

The Home
of Success.

Aasha Student Living

A wholesome dining experience.

Every meal is made with select and seasonal produce, keeping in mind their nutritional value. The kitchen and dining area are equipped with latest appliances that ensure health and hygiene.

Updated
with the latest
technologies.

Our hostels are equipped with every necessary appliance that makes life easier. Along with air-conditioning, there is WiFi and TV to help with relaxation. There are also hair dryers and irons for the use of students.
